

## Agreement for Tattooing Procedure

I, \_\_\_\_\_ Date of birth: \_\_\_\_\_

Address: \_\_\_\_\_ Phone: \_\_\_\_\_

I authorize the tattooing procedure to be carried out according to my approved sketch using sterile instruments, disposable medical stainless-steel needles.

I confirm that I am a person of majority age (18 years of age) and that I have given correct information regarding my age.

In the event of a deliberate concealment and/or alteration of the fact that the Client is underage, the Tattoo Artist shall not be held responsible for the Client's actions. If the Client is under the age of majority (18 years), it is the Client's responsibility to inform the Tattoo Artist and provide written permission from the Client's adult representative (parent/guardian) in a free form or come to the session accompanied by them. The Client shall be held personally responsible for forging the written permission of the adult representative.

\_\_\_\_\_ / \_\_\_\_\_ /

I am aware that due to the constitutional peculiarities, lack of tattoo care and other factors, additional tattoo correction may be required at the final stage. The correction is not included in the price and shall be paid for as a separate procedure.

Any tattoo tends to lose its original brightness and clarity, the micro-tattoo is more prone to this factor due to its size and technique.

### **The Client shall undertake:**

1. To provide reliable information about any medical conditions, including chronic conditions, allergies and other conditions that may affect the procedure. If you have various skin conditions, you must inform the artist in advance and have a consultation with a dermatologist, be treated if necessary and, if there are no contraindications, undergo the tattooing procedure. All information provided is confidential.
2. To provide reliable information concerning the presence of psychological disorders and the condition at the present moment. All information provided is confidential.
3. To provide reliable information regarding the presence of diseases such as: epilepsy, diabetes, cancer, blood diseases, HIV, AIDS, Hepatitis. All information provided is confidential.
4. To observe the rules of hygiene and wound care according to the tattoo artist's instructions received electronically, printed or verbally, and perform competent post-procedure care with the recommended preparations. Observance of hygiene contributes to the prevention of healing complications. In the event of complications during healing, the Client should immediately consult their tattoo artist. The Client shall be held personally responsible for their own health, hygiene and care.
5. In case of intentional/unintentional damage of equipment and other items on the studio premises by the Client and/or their accompanying persons, the Client shall be held fully responsible for compensating financial damage to the studio and/or the tattoo artist on the fact of damage.

### **The Tattoo Artist shall have the right:**

1. To refuse or stop the tattoo procedure at any stage, provided that there are factors that interfere with the work process, such as: telephone or other conversations of a harmful psychological nature, alcohol or drug intoxication, unsatisfactory hygiene of the client's body, unsatisfactory client's health condition of the physical and psychological nature (weakness, fainting, heavy bleeding etc.), deviant behavior of the client, obstruction of any nature by the client in the session such as excessive movement, simulation.
2. To refuse to allow the presence of unauthorized people (friends, family, partners, etc.) during the session.
